External experts to avoid

To assess an application, the agency can use external experts. In the case of a written consultation of the experts, the names of the experts will not be released to you as an applicant. The experts are bound by confidentiality and objectivity. The agency avoids obvious competitors. As single applicant you can specify up to 15 names of companies, organizations, research groups or persons that you wish to exclude (entire sectors, countries or research institutions can't be excluded). If there are more partners, the overall maximum number is 30.
